

# Respiratory Care Exam. Board

## IT Vision

To create an efficient network for optimum productivity of agency employees. To establish web site which would provide public access regarding licensing information and inquiry on current licensees' status, credentials, expiration dates, etc.

## IT Mission

To exercise State regulatory authority over respiratory care practitioners by granting licenses, maintaining public records for all practitioners within Arizona; and enforcing rules and statutes to ensure the public health, welfare and safety.

## Goal 1

To comply with the Governor's request for efficiencies to be created in State government through the use of technology

### Objective 1

Establish integrated e-mail, including the capability of attaching word processing-produced documents.

#### Current Situation

It is anticipated that the establishment of this service will be done at no cost to the agency by Jeff McNancy of the Arizona Corporation Commission

#### Performance Measures

- 1 Percent of Board minutes and agendas available online.

### Objective 2

Upgrade database applications from DOS to Windows to create an integrated computer system and improved service to the citizens of Arizona.

#### Current Situation

The database is in DOS format, which is inadequate and for which we cannot find a good, reliable computer programmer. We are waiting to see the results of the GITA/ADOA task force on Enterprise Licensing before we decide how to expend our VERY LIMITED mo
